Salacia Reticulata: The Antioxidant
Formula for Life-Changing Results

FEATURED PRODUCTS

Derived from an indigenous plant from India and Sri Lanka, Salacia Reticulata is a powerful source to promote healthy blood sugar and insulin levels. With its potent antioxidant properties, Salacia assists in weight loss, and will promote body-changing results quickly and effectively. The roots and stems in Salacia Reticulata are used to connect an intestinal enzyme, alpha-glucosidase, which helps break down carbohydrates into glucose within the body---resulting in less glucose that gets into the bloodstream. This will lead to better health and more energy, so you can live abundantly throughout your lifetime.

Salacia Reticulata's ability to manage blood-glucose helps to maintain proper body weight, which will aid in promoting long-term general wellness. This powerful herb will help reduce fat mass that will have you looking and feeling better in record time. Salacia Reticulata will also promote positive improvements in glycemic levels, which in turn, will lead to better quality of life, and increased longevity. A unique herb indeed, Salacia Reticulata assists in avoiding carbohydrates and fats from being ingested---giving you the ability to store

GCBfit™

Herbakraft is proud to announce that its GCBfit™ brand of green coffee berry extract has undergone a state-of-the-art detailed analysis to identify and quantify GCBfit's™ chemical constituents for the benefit of the customer.

Mi-Selein™

Mi-Selein is a proprietary odorless selenium, which is one of the essential trace elements readily available in healthy soil, water and food. This natural element is known for its vital roles in helping to maintain normal body functions.
