Important information

Indications

NOTICE: Vi-Tae products should not take the place of qualified medical diagnosis or treatment, nor are they meant to cure any disease or medical condition. Please seek the advice of a medical professional if you are having any chronic skin conditions or medical issues. Discontinue use of these or any products if you experience allergy or irritation.

Ingredients

saponified oils of safflower**, and/or sunflower**, palm**, and coconut** (with retained glycerin); rosmarinus officinalis (rosemary) extract ** Certified Organic. This Organic Coconut Oil soap is Certified 85% Organic, which is as organic as a bar soap can get. ** REGARDING ORGANIC SOAP: Bar soaps require sodium hydroxide (NaOH, or lye) for their production. Sodium hydroxide is on the allowed list of non-organic ingredients that can be used in making organic products, and it accounts for approximately 10-15% of the ingredients, by weight (not including water or salt and depending on the recipe). Therefore, even if every other ingredient in bar soap were certified organic, the soap would never have an organic content of more than 90%, as this is the maximum level of organic content in a bar soap.

Directions

This luxurious Coconut Oil soap is perfect for face, hand or full-body wash regimen. Using fresh water, rub the soap bar into a wash cloth until a rich lather is achieved. Move lathered wash cloth over skin in gentle circular motions until skin is clean. Rinse thoroughly.

By [Craig M. Schmidt](#) on July 4, 2015

Size: Anti Bacterial Soap | **Verified Purchase**

This soap is great! My wife has had a rash for a while. Doctor gave her ointment which couldn't get rid of it. In two days of use with this soap rash was completely GONE! We couldn't believe it. It also has a very nice aroma. Kind of like sandalwood..It is not cheap but it is worth the money in our opinion. If anyone has read my past reviews I have no problem blasting a bad product or praising a good one. This is a good one!

★★★★★ **Best Coconut Oil Soap**

By [Lyn morris](#) on June 30, 2015

Size: Coconut Oil Soap | **Verified Purchase**

This is the best soap I have ever experienced. It lathers so quickly, feels so gentle on my skin, and looks so clean when I rinse it off. I don't think I'll ever use any soap but Vi-tae Coconut Oil Soap. I would highly, loudly, vigorously recommend this soap to everyone, young and old, male and female. I am 71 y.o. and my skin has not looked better.

My sister has always had skin problems, I bought her this soap and it has seriously been a miracle for her! She still has some healing to do, but it has made a big difference. Thank you!

★★★★☆ **left my skin dry but made great shampoo**

By [Bradley](#) on March 9, 2017

Size: African Black Soap | **Verified Purchase**

African Black Soap had lovely fragrance in the shower but leaves no fragrance on the skin. excellent lather, silky feel. also a great bar shampoo for hair (if rinsed thoroughly and used infrequently) works great on acne and imitations we keep 3 soaps on hand and alternate daily Emu Oil, Theives, and this black soap.

CON:

the bar dissolves very quickly
can be a bit drying

★★★★☆ **Great soap but too expensive. Will not purchase again.**

Great soap, leaves you super soft and clean. The only downside is that its way too expensive!! I mean double to triple the price of other homemade organic soaps.

Size: Turmeric Soap | **Verified Purchase**

Been using for over two weeks now and honestly have seen no improvement in my skin. I feel like my acne and redness has actually gotten a little worse. I don't know, it may not be from the soap but the soap is not helping. Really wanted it to work from all the rave reviews I read. Guess it's not for everybody! Does smell good though!

This was really good soap! I only bought one bar to try it but will repurchase more to get a better bulk buy (I believe it was a better buy for 3 bars). Our skin liked it.
